## **Introduction and Objectives**

### **Introduction**

The LSO Instructional program is here to provide our children with a simple, fast-paced game with few interruptions that allows maximum participation by all players. This is a recreational league (not competitive), where scores or standings are not kept.

### **Objectives**

The main objective of the LSO Instructional Program is for the children to have fun. We, as coaches and parents, need to focus the season on this objective. The secondary objectives are as follows:

- Increase foot skills and ball control
- Maximize each child's touches on the ball
- General familiarity with the game of soccer

### **Divisions**

#### **U5/U6**

The LSO Instructional program is co-ed and has two divisions, Instructional 4 (designated as U5) and Instructional 5 (designated as U6). Players are placed in a division based on their age on July 31st of the current year. If a player will be four (4) on July 31st of this year, he/she will be in Instructional 4 (U5). If a player will be five (5) on July 31st of this year, he/she will be in Instructional 5 (U6). Players are placed on teams following SAY\* rules, using random draws, although variances are permitted as the Instructional division is not played outside LSO at anytime and is not officially sanctioned as a SAY division.

### **LSO U5/U6 Playing Rules**

LSO has modified the SAY rules for the U5/U6 playing rules. The SAY rules can be found at <http://www.saysoccer.org>.

The Coaches and players occupy one touchline (sideline) of the field and the fans will be on the opposite touchline (sideline). The recommended field size is as follows:
