

## Peppers Positional Training Schedule

Each week will be different depending on your game days/times. If you play a game on Wed, for example, then you can go to the Thurs trainings and vs. versa. Players may come to one of each of the positional trainings or just choose one for the skill they would like to focus on. They can change it up each week. These trainings are meant for the individuals to focus on their areas of growth, while they are there to stay focused, improve, and work hard.

**\*Open for Teams** will be filled on a coaches request
